The State Convention.

The Convention called for some time past to consider the Dred Scott decision, and other matters in relation to the great issue of the day, meets at the Albany Hall to day.

A preliminary meeting is to be held at 11 A. M., and the Convention will meet for business at 2 P. M. and continue its session during the afternoon and evening. Quite a number of leading Republicans from various parts of the State have arrived, to attend the Convention.

ENLARGEMENT OF THE CAPITOL!

The Contract Awarded.

We learned last evening, by a private despatch from Madison, that the contract for the enlargement of the Capitol was yesterday awarded to JOHN RYECRAFT of this city. Mr. RYECRAFT is a thorough mechanic, and an energetic, driving business man, and the work will be speedily and well done, under his supervision.

"The Artful Dodger."

The *News* waxes wroth with the *Sentinel* and charges it with "getting to be *snappish*," because we saw fit to expose and brand one of the innumerable fabrications in which the official organ is accustomed to indulge, whenever it has occasion to speak of the "Black Republicans."—The particular lie to which we called attention was that stating the Buffalo *Commercial* to be a "Republican paper" and seeking to make Republicans responsible for certain K. N. sentiments to which the *Commercial* had given utterance. Everybody hereabouts knows perfectly well the political character, antecedents and opinions of the *Commercial*, and knows, too, that it is quite as hostile to the Republican party as the *News*.—But, pretends the *News*:

The *Commercial* is now a Republican paper though the last year it was a Fillmore organ.—Since then it has changed hands; and its new editor, on entering upon his duties, endorsed the black party to the last limb.

He did nothing of the sort. The new editor and proprietors of the *Commercial* (Dr. FOOTE & E. R. JEWETT & Co.,) are just as staunch FILLMORE men and just as much anti-Republican men, as they were "last year." Indeed the *News*, immediately after uttering the above, substantially admits its own falsehoods, as follows:

Even, however, if the Commercial be not Republican, the ticket it supported for municipal officers, which the Democracy drove from the field, *was the Republican ticket*; and it was over this defeat that the howl against Germans and the Irish was sent up.

Driven from one palpable falsehood, the *News* straightway flies to another. The defeated ticket at Buffalo was *not* "the Republican ticket," but was a People's ticket, nominated by a committee of all parties, composed of candidates from all parties and supported by men of all parties. What "dodge" will the *News* try next?

MINNESOTA ELECTION.—The *News*, which was the first to raise a prodigious shout of triumph over the Minnesota election, and then, discovering that it had crowed too quick, relapsed into sullen silence, plucks up courage again, yesterday, to renew its claim (vastly lowered, however, from its first pretensions,) to a Democratic victory there, and coolly assumes to lecture the opposition papers in this city and Chicago, for their premature "hurrahs." As we stated yesterday, the result in Minnesota is still in doubt, with the chances quite as good for a Republican, as for a Democratic majority in the Convention. The details of the votes, moreover, show that in Minnesota, as in Wisconsin, the "rural districts" are true to Freedom, and not to be duped or misled by Sham Democracy. They will, we confidently hope and believe, keep Minnesota "right side up."

Labor Lost.

Sundry enterprising leading men among the Sham Democracy in this State, mostly of the "Barstow" stripe, have raised a fund and purchased the office of the *Norske Amerikaner*, a Norwegian Democratic paper, which, not long ago, fell through at Madison. The new paper has been baptised the *Nordstjernen*, and placed in charge of CHARLES M. REESE as editor. Mr. REESE promises great things for his employers. Thus he says:

We shall give our readers a full, fair and just exposition of Democratic principles as they are, not as they are represented to be by our "Republican" cotemporaries. That this will work a wholesome change in the feeling among the seventy thousand Norwegians in this State, we do not in the least doubt, and the result, we hope, will tell at the coming fall election.

A large number of the Norwegians, honest, hard working farmers whose sentiments, both moral and political, are opposed to oppression in any shape, were induced by the hypocritical hue and cry of our opponents about slavery, "bleeding" Kansas, Border Ruffians, &c., to believe that the Democratic party did really favor the extension of slavery, and hence at the last Presidential election did vote against the Democratic party. But a great many of these same men now see how they were imposed upon; they see how the principles embodied in the Kansas Nebraska Bill work contrary to the Republican representation of them, and they find, that if any party in reality desires the extension of slavery it is the self styled "Republican" party, whose corrupt leaders do everything in their power to make Kansas a Slave State, in order to further their own ambitious and treacherous designs.

Mr. REESE's "duties" are thus defined by the Madison *Argus*:

To him is delegated the duty of explaining to our Norwegian fellow citizens the position of politics in this State, the ultimate connection between the Republicans, and that party called the Know Nothings, who have acted together during the past, who are now acting together, and who must act together for the future.

It will be his duty to prevent his fellow-citizens from lending their influence to a party that would reduce them to be the men servants of those would be Americans, and will be his duty to prove to them that their interests are identical with that Democratic party, that has ever supported the interests of the foreigner, treated him as the invited guest and the brother of the democrat, and to show them that the Democratic party has ever opposed the burnings and murders of the K. N.'s and has ever been in opposition to these candidates they put up.

These demagogues who have been speculating upon the probable effect of their new enterprise upon the "seventy thousand Norwegians in Wisconsin," insult the intelligence of the people whom they attempt to influence, when they talk of their having been deceived with the support of Republican doctrines. It is because the Norwegians are an intelligent, a reading, and a thinking people, acting out their convictions of right, that they have so generally supported the right side in politics. They are earnest friends of Freedom, and the miserable cry of Know Nothingism—the sole capital of the Sham Democracy—will not avail to drive them from the ranks.—All such efforts are labor lost.

NEW REPUBLICAN PAPER AT WASHINGTON.—George M. Weston, formerly of Maine, where he edited the Augusta *Age* with ability for years, proposes to commence, in Washington, in September, a new paper, devoted to the principles of the Republican party, in opposition to the Administration. It is to be called the *Republic*, and will be published semi-weekly and weekly. Mr. Weston was formerly a Democrat, and is a vigorous and effective newspaper writer, and will be assisted in the editorial department of the *Republic* by Daniel K. Goodloe, of North Carolina, which will thus fulfil Mr. Buchanan's original purpose, in regard to the *Union*, of having a Northern and a Southern editor. The enterprise is endorsed and warmly commended by Francis P. Blair.

☞ Cate, not Cato, as the telegraph said, is the name of the Democratic candidate for Governor of New Hampshire. He is a "rum 'un," not a Roman.—*Providence Journal.*

A CAUSE FOR REMOVAL.—In the absence of any other good and sufficient cause for the removal of MR. PEASLEE, late Collector at Boston, who was not only a excellent officer, but a staunch and influential "democrat," the Boston *Traveller* suggests that the reason may be found in the following "certificate of citizenship," granted by MR. PEASLEE to a black man:

"I Charles H. Peaslee, Collector of the District of Boston and Charlestown, do hereby certify that James Jacobs an American SEAMAN, aged twenty-six years, or thereabouts, of the height of five feet 6¼ inches, BLACK complexion, wooly hair, black eyes, born in Georgetown, in the State of Delaware, has this day produced to me proof in the manner directed by the Act entitled "An act for the relief and protection of American Seamen," and pursuant to the said Act I do hereby certify that the said J. Jacobs is a CITIZEN OF THE UNITED STATES OF AMERICA.

In witness whereof, I have hereunto set my Hand and Seal of Office, this 15th day of December, in the year of our Lord, 1856.

C. H. PEASLEE, Collector.

This certificate, under the "Dred Scott" decision, was not only against the law, in such cases but an insult to the Sham Democracy, who of course, stand up for Chief Justice TANEY, and the Pro-Slavery colleagues. To be sure, the certificate was granted before the decision was made, but Mr. Collector PEASLEE should have known "that the black man has no rights which the white men are bound to respect."

☞ The New York *Herald*, which opposed Mr. Buchanan's election with so much energy and ability, now has great influence with his Administration. The men recently appointed Consuls at Southampton, England, and Bordeaux, France, are attachees of that journal; and the editor petitioned in their favor. Chevalier Wikoff is promised a foreign appointment, also, through the same influence. The *Herald* now warmly praises the Administration and its policy.—*Boston Traveller.*

We hear it stated, on very good "Democratic" authority, that the *Herald* is Mr. BUCHANAN's favorite paper; and that he consults its political vane (which is a perfect weather-cock) with implicit faith in its reliability.

NEW HAMPSHIRE.—The Legislature of New Hampshire have elected Wm. W. Eastman, Warden of the State Prison, Geo. G. Fogg, of the *Independent Democrat*, State Printer, and Peter Sanborn, Treasurer. These gentlemen were the nominees of the Republican caucus, and received the full strength of the party.

MINNESOTA DEMOCRACY.—The Saint Paul *Times* says:

We are informed by a gentleman just arrived from Crow Wing, that at the Constitutional delegate election, the number of votes cast in that precinct was 62, all democrats. He also informs us that had they a supply of clothing in that neighborhood the vote would have been doubled, as they manufactured voters out of the Indians civilizing them by dressing them in citizens clothes. As it was, one suit answered the purpose for a score of voters.

Milwaukee & Horicon R. R.—The Land Schemes.

The New York *Herald* of the 12th instant has the following reference to the Land Scheme of the Milwaukee & Horicon R. R. Company. This Scheme, we may remark, finds as much favor at home, as it does abroad; and the amount of "privileged stock" subscribed for increases daily:

The Wisconsin papers come to us with lengthy articles in which the stock of the Milwaukee & Horicon Railroad is highly extolled. We have already expressed our views of the land project of this company, regarding it as the most straight forward, the most feasible, and the most likely to result in large profits to the subscribers, of all the railroad projects of which we have any knowledge. But the stockholders interest in the lands of the company, is represented by what is termed "privilege stock," between which and the ordinary stock of the road we make a very broad distinction, for while, as the road progresses and time passes on the land must necessarily increase in value, the road itself, as in the case of every railroad, must depreciate in the ratio of wear and tear. It is true that great exertions are made by this company, and with marked success, to confine the privilege stock to those who purpose tilling the soil, which will doubtless ensure to the road a more active business, in the commencement, than is common to our western roads, and may make the ordinary stock a paying concern; but experience should warn us against the hope, so often delusive, of large profits on the ordinary stock of any road. The profit, the public may rest assured, is in the land.

"MAUSTON STAR"—JUNEAU CO.—The Mauston *Star*, a new and good looking Republican paper just started at Mauston, Juneau Co., by Mr. McBRIDE, late of the Watertown *Chronicle*, has reached us. It bids fair to be a very valuable paper to that region of country. We gather the following facts from its well filled columns.

Juneau Co., named for Solomon Juneau, the pioneer settler of this city, was first fully organized last spring, and contains 23 townships and about 7,500 inhabitants.

"The Lemonweir River, a beautiful permanent stream, of the third class in the State, traverses the County diagonally, entering the Wisconsin at the head of Big Dells. The Yellow River, also a fine stream, running nearly parallel, unites with the Wisconsin at Germantown, twelve miles higher up. Each of these rivers are not only exceedingly valuable for their fine water privileges, but for their inexhaustable supplies of choice Pine timber, twenty miles above this place, which is floated down to the several mills along its route, during the fall and spring freshets. The valley is finely watered, by numerous creeks and springs of soft water, and is also abundantly supplied with hard timber, for farming and other necessary purposes."

Among the thriving villages in the county are the following:

Mauston, New Lisbon, Lemonweir, Germantown, Wonewoc, Wanecedah, and Neceda. Mauston, though but a village of three years growth, is now the largest, containing 200 houses, and about 750 inhabitants. A large and rapidly increasing business with the surrounding country is transacted daily at this point being the leading place of trade, at present in the county.

In addition to two large saw mills, driven by water power, and one by steam, it has six dry goods stores, two hardware and tin stores, two drug and medicine stores, two grocery and provision stores, one furniture ware room, one watch and jewelry establishment, a Printing Office &c.

STEAMBOAT ARRIVALS AT PRESCOTT.—The Prescott (Pierce Co.,) *Transcript* informs us that, last year, from the 18th of April (when Lake Pepin opened) to the 1st of June, a period of six weeks, there were 142 steamboat arrivals from below. This year, from the 1st of May (date of opening of navigation) to the 1st of June, four weeks, there were 163 arrivals—showing a handsome increase.

ICE IN LAKE SUPERIOR.—Capt. SWEET, of the steamer *North Star*, which arrived at Cleveland a few days since, reports fields of ice still floating in Lake Superior, sufficient to cover the whole surface of Lake Erie. On Thursday of week before last, ice made in the lake an inch thick!

NO LICENSE.—On Monday week, the people of the city of Berlin, Marquette Co., voted by 116 majority that no license to sell liquor should be granted this year.

SHOOTING AFFRAY IN LEXINGTON.—In a quarrel between JOHN CLAY, a son of the departed statesman, and a horse trainer named EDGAR, in Lexington, Ky, on Thursday, the former shot the latter twice with a pistol. One ball entered his mouth, and came out behind the ear. Another ball lodged in his neck. EDGAR is reported mortally wounded. CLAY immediately left Lexington and has not been heard from since. The parties have not been on amicable terms for some time.

BOOKS THROUGH THE P. O.—It appears from the official annual report, just issued from the English Post Office, that the number of book parcels sent through the post office in 1856 was nearly three millions, and that their average weight was five ounces. The book-post is now extended to nearly every colonial dependence of the British Empire.

HUTCHINSON.—This wide-awake town, in Carver Co., the home of the world-renowned singing brothers, gave a vote of straight Republican tickets 50; Democratic do—none.—*Minnesota Times.*

Sunday Schools in our State.

The following extract from the 33d Annual Report of the American Sunday School Union, just published, will interest many of our citizens:

WISCONSIN.

Mr. J. W. Vail, of Milwaukee, thus sums up the missionary work in this State:

"The past year we have had six missionaries in the field, employed from one to twelve months each; four ministers and two laymen,—Baptists, Congregationalists and Presbyterians. The aggregate amount of labor, three years and one month.

No. of new schools organized and assisted,	122	
No. of old schools,	138—	260
Scholars and teachers in new schools	4070	
" in old schools	5085—	9155
Miles traveled		8880
Addresses delivered		256
Amount sold		$2555 32
Amount donated		828 01
Whole amount of volumes and paper circulated,		$3383 33

Which is equal to 33,883 volumes of 200 pages of (18 mo) printed matter.

From the above you will observe that, under God, we have supplied over one hundred and twenty new settlements, and about 7000 inhabitants, with the Sunday school,—a permanent religious organization,—who were destitute of it, and, in a large majority of cases, of all other means of grace; and, by gift and sale, we have put in successful circulation, near four thousand volumes of two hundred pages each in these one hundred and twenty new settlements, adapted to meet all degrees of intellect, and promotive of living and progressing piety in the souls of old and young. May we not confidently assert that the American Sunday School Union is not only 'the Society that takes care of the children,' but the Society that wisely and efficiently scatters broadcast the leaves of the tree of life for the healing of the nations'?"

WORK NOT YET DONE.

Mr. Vail concludes one of his letters thus:

"When the American Sunday-school Union commenced its Sunday-school missionary labors, planting Sunday-schools in our settlements in the infancy of the State, with less than 100,000 inhabitants, it was possible for the writer to do the work that was then demanded; but, as the State of Wisconsin has become noted as a 'goodly land,' where the poor man can find ample means to support his family, the tide of immigration has been unparalleled, and the number has increased to 700,000, and at least 300,000 are children and youth. To meet this wonderful increase of mind and the moral wants of these tens of thousands, the American Sunday-school Union has increased its number of missionaries from year to year, and by this means we have partially kept pace with immigration.

"But we have not finished up the work or arrived at the point at which we can lay off our Sunday-school missionary armour and say that there are no more destitute settlements, or children to be cared for, growing up in ignorance and sin.

"No, the work is not yet done. With our intimate acquaintance, with our new settlements and the moral wants of tens of thousands of children and youth in these rapidly increasing settlements, we are warranted in saying that an equal amount of labor will be required to meet the urgent demands for Sunday-school missionary labor the present year.

"There are at least two hundred settlements in the State where Sunday-schools should be organized and supplied with religious reading the present season; and I am free to say that I know of no instrumentality at the hands of the church that is so well adapted to meet the peculiar wants of our new settlements as the Sunday-school missionary enterprise conducted by the American Sunday-school Union."

We have already noticed the resignation of Mr. Vail from the service of this society, and the appointment of Rev. J. Henry Burtis as Missionary Agent for this State. We understand from Mr. B., that he has five Missionaries; Presbyterians, Baptists, Methodists and Congregationalists, already engaged to assist him in prosecuting the work of establishing Sabbath Schools.

The above testimony as to the wants of our State, and the adaptation and efficiency of the American Sunday-school Union, is worthy of attention.

Canadian News.

RECIPROCITY.—The Canadian Parliament have had under consideration the subject of the tariff and trade with the United States. A resolution in favor of the extension of the principles of Reciprocity between the Province and the United States to all articles, the produce or manufacture of either country, was considered in committee of the Whole. The resolution was advocated by Mr. Conger, who stated the object to be to provide that the same duty should be levied on articles of American manufacture in the United States. The Hon. Hamilton Merritt asserted that under the present tariff the United States have many advantages, and that the only way in which Canada could have manufactures would be by at once adopting the American tariff. The resolution was debated by several members, the general feeling being in favor of adopting the U. S. tariff. During the debate, Attorney General Cayley stated that within a few weeks a change had taken place in the aspect of things at Washington touching the difficulties in the way of friendly intercourse between the two countries, and steps had been taken to bring the subject of Reciprocity before the notice of the American Government.

SUNDAY LABOR.—A bill to abolish Sunday labor on the canals and in the post offices of Canada, after having passed through several stages by one majority, in the lower Canadian House of Parliament at Toronto, received a tie vote of 53 to 53 on its final passage, and was killed by the negative vote of the speaker.

USURY LAWS.—A measure to amend the Usury Laws by increasing the rate of interest to 7 per cent., equalizing it with that prevailing in the neighboring State of New-York, was thrown out a few days ago by Lower Canada votes.

Dakota Territory.

The St. Paul *Pioneer* of the 12th instant contains the following paragraph in reference to the new Territory of DAKOTA, which was carved out of Minnesota by the act of Congress providing for the setting up of a State Government in the latter:

Samuel Wigfall, Esq., Secretary of the Dakota Land Company, arrived in this city last evening, direct from that Territory. He left the company all well and in excellent spirits. They have secured several very desirable localities, destined at no distant day to be numbered with the great cities West, and commenced improving them. He represents the country as being very beautiful; rolling prairies, well watered and timbered, and possessing all the elements of agricultural wealth. It is thought that coal and iron exist in the southern part of the Territory on the Big Sioux. In a few years Dakota will be applying for admission, and divide the honors with Minnesota, of being the Empire State of the Great West.

Who Foot the Bills?—Democratic Funds all Spent for Whiskey.

Sundry laborers, worthy of their hire, are around after the Democratic office holders with sharp *bills* for services rendered at the last Presidential election. How these claimants fare, can be gleaned from the correspondence which took place between Marshal GALLAGHER and Chief of Police WHITE upon the presentation by that indefatigable electioneerer, DON MCINTOSH, of his claim for work and labor done for the Democratic party.

MARSHAL GALLAGHER'S LETTER.

To LAMBERT WHITE, Treasurer of the Democratic Party:

The bearer, Don McIntosh, has done a good deal towards the election of old Buck. I think he should be compensated for his services and that of his express wagon.

Signed: GALLAGHER.

To MR. GALLAGHER:

DEAR SIR:—Ther is no funds in the Democratic Treasurry as I am a ware of Giv him an order on J. W. Gray or Benjamin Andrews the funds ware all spent for whisky.

STRUCK BY LIGHTNING.—A sad fatality occurred in Brooks' Addition, this forenoon, during the severe thunder storm with which we were visited. A German widow named Hebner, the mother of four small children, was struck by lightning and instantly killed. One of her children, also, was badly injured by the same flash. Of the pecuniary condition of Mrs. Hebner at the time of her death, we are not informed, and therefore do not know what will become of the children. It is thought the child sufferer will recover.—*Madison Argus*, June 15.

Particulars of the Death of Crabbe's Party of Fillibusters.

The San Diego, Cal., *Herald*, brings the particulars of the killing of H. A. Crabbe, and the party of filibusters whom he led into the State of Sonora, Mexico. We give the material portions of the account:

Late in March Crabbe's party left Sonotia, Sonora, and marched to Cavorca, a small Mexican town near Point Lobos, and on the Gulf of California. The first intention was to have proceeded to Altar, but news of its partial fortification and susceptibility of a strong defence caused the diversion on Cavorca. On the morning of the 1st of April, the party of Americans entered the suburbs of the town. They were met by a body of Mexican troops, commanded by Rodriguez.

It is said that Rodriguez advanced to speak to Crabbe, when the Americans opened fire and killed the Mexican commander and several others. The Mexicans immediately retreated—some to the mountains, but the majority to the church, which had been placed in a state of defence, and had at the time Crabbe entered the town, a number of beeves, roasting whole in front of it, to feed the Mexican troops.

The Mexicans at first deserted the most of the town, but gradually being emboldened, returned and gradually hemmed the Americans in. Fighting continued eight days, with a loss to the Americans of twenty-five killed. The Mexican loss is reported by themselves to have been twenty-five, but is supposed to have been much greater, as high as 200.

On the eighth day, an attempt was made by two of Crabbe's men to blow up the church, by placing a keg of powder under the portico and firing it. The devoted men who attempted this were both killed, and Crabbe is said to have been wounded in superintending it. It is said an offer was made by Crabbe to retire, if the Mexicans would allow it. He had refused to retire when the offer was made him, after the fighting had continued two days, and now the Mexicans, confident of his weakness and their triumph, refused. The Americans were gradually but surely caught in a snare, from which they saw no escape.

By breaking through the walls of the adjoining houses, the Mexicans forced Crabbe and his men into the corner buildings, which they repeatedly set on fire, but which the Americans as often extinguished. At last a Papago Indian shot into the roof of the main building, occupied by the unhappy fillibusters, a lighted arrow. The flames caught the roof, and in a few moments the fire was dropping in great flakes upon the heads of the doomed men within. Worn out with constant fighting, exhausted with anxiety, famished by probable days of starvation and thirst, and without amunition, Henry A. Crabbe, and fifty-eight men, marched out of the burning house, with a white flag before them, laid down their arms and surrendered. It is supposed unconditionally. This was in the night, or towards morning. They were immediately tied, their hands behind them, taken to a coral near the Alcalde's office, where they were kept until morning, when they were taken out in squads of five and ten each and shot.

Crabbe alone was reserved for a solitary death. He was taken to the Alcalde's office, questioned—allowed to write to his wife, and to have an interview with a Dr. Evans, a prisoner in the hands of the Mexicans, who had been in confinement some weeks on suspicion. The hour for his execution having arrived, he was led out, his hands stretched above his head and tied to a post in front of the building he had occupied, his face to the post and his back to his executioners.—At the command "Fire!" at least a hundred balls were fixed in his body, and all that was mortal of Henry A. Crabbe hung dead, swinging by his tied hands. A Mexican stepped forward and with a large knife severed his head from his body—the warm blood spirting half way across the street. The head was placed on a table in front, or in the office of the Juez, exposed to the jeers of the populace. It was then placed in a jar of mescal for preservation.

A party of about 30 recruits, under Captain Grant Orey, started from Tucson to join Crabbe at Cavorca. When within fifteen miles of the latter place they were attacked by about 200 Mexicans. Capt. Orey retreated fighting, and regained the American line, with a loss of only four killed. The Mexican loss was about 40.—Capt. Orey deserves great credit for his skill.—At every watering place the Mexicans attempted to check him and subdue him by thirst, but he routed them on every occasion. The last eight miles was a continued running fight, and his fourth man lost was killed just at the line. Another party of the same strength, which left Tubac, has not yet been heard of.

Crabbe entered Cavorca with 84 men. All these were killed except the youngest, said to have been spared by the Mexican commander, Garcia. The name of the survivor is unknown, but he is said to be a boy sixteen, or seventeen years of age.

Murder of Mr. Albert McEwen!

Some weeks ago we stated that fears were entertained for the safety of Mr. A. McEwen, who in company with some friends and their packers, left La Pointe in the latter part of November to proceed across the country to this city. The supposition then was that he and a traveling companion had been murdered by some half-breeds who accompanied them.

The Superior Chronicle, received yesterday, unveils the mystery. It says that a Mr. Shortreed, who arrived in Superior on Friday, May 29th, states that the body of Mr. McEwen was found this Spring in Wood river, near where the road to Taylor's Falls crosses it, with the lower and back part of the head crushed by blows from an axe or Indian hatchet, and entirely stripped of valuables and clothes, with the exception of his shirt, and a silver ring set with green stone. The body was discovered by some lumbermen, who were driving logs on the river, close in under the bank where it had been prevented from going out into the St. Croix by a part of the bank falling on the shoulder and arms. The body was identified as that of Mr. McEwen by persons who were well aquainted with him. It was buried on the bank of the river.

Mr. S. gives us the following additional particulars. When Mr. McEwen and party arrived at Yellow Lake, the half-breed packers who had started with them from La Point, were so tired out that they refused to go any further; and the unfortunate deceased, in opposition to the advice of his friends, hired a strange Indian, living in the vicinity of Wood Lake, and the two started on the road to the Falls—the rest of the party preferring to wait a few days for a team which was preparing to start down. Wood river is one day's travel from Yellow Lake, and it is thought that the murder was committed in the night after they started. The position of the wounds go to prove that he was killed while asleep. The Indian was afterward seen at the trading post with a quantity of money, but during the winter froze to death while on his way to the Chippewa river. It is probable that he was joined by others at the river, who assisted in the murder and shared the booty, as an Indian is now at Wood Lake who has Mr. McEwen's coat in his possession.

The Chronicle says that the friends of the murdered man are making efforts to secure the accomplices to this bloody transaction.—*St. Paul Times.*

DANGEROUS COUNTERFEIT.—Capt. Bradley, the celebrated detective, yesterday showed us a new and admirably executed counterfeit on the Chippewa Bank, at Pepin, Wisconsin. It is a five, and a perfect counterfeit of the genuine, except that the color is too light, and the letter "k," in the words "New-York," immediately following the engravers' names at the bottom of the bill, is an awkwardly executed capital letter, while in the genuine the "k" is, in printer's parlance, a "lower case letter." It appears that two men, calling themselves James Adams and Jacob Clayhouse, came to this city yesterday, with a considerable amount of this money in their possession, and succeeded in passing it in a number of places. During the forenoon a lad came into the banking office of Messrs. Forrest & Co., and presenting one the bills at the counter, asked if it was good. Mr. Forrest replied that it was not, and, meeting Officer Williams, of Mr. Bradley's force, informed him of the nature of the bill, whereupon Williams arrested the men. Mr. Bradley then posted up the different banks in the city. It is supposed that a large number of these bills were put in circulation yesterday, and people may as well be on the look out for them.—*Chicago Tribune, June 16.*

☞ Two duels were fought on the 4th inst., near Hamburg, S. C., at the same time, the first between Mr. Phillips and Mr. Moorefield, the second between Mr. Prather and Dr. Appleby.—Phillips and Prather are the editors of the Lafayette (Alabama) *Tribune*, and Moorefield and Dr. Appleby editors of the Lafayette *Herald*. The distance was ten paces, and pistols the weapons used. After the first fire in each duel mutual friends succeeded in adjusting the difficulties between the parties.

BURNING THE DEAD.—The Paris Academy of Medicine has set the papers to writing and the people to thinking earnestly of the return to the practice of burning the dead. They say that in the summer time the Parisian hospitals are crowded with the victims of pestilence engendered by the foul air of the grave yards in the neighborhood. The vicinity of the cemeteries is a constant source of mortality. Their putrid emanations filling the air, and the poison they emit impregnating the water, are held chargeable for the many new and frightful diseases of the lungs and throat, which baffle all medical skill.

ANOTHER FUGITIVE SLAVE CASE.

A SANGUINARY RENCOUNTER.

A UNITED STATES DEPUTY MARSHAL SEVERELY STABBED, AND ONE OF THE SLAVES SHOT.

Week before last, two slaves, man and wife, named Irwin and Angeline Broaddus, the property of Col. C. A. Withers, a well known resident of Covington, Ky., and the Superintendent of the Covington & Lexington Railway, escaped from their master, and were not heard of until intelligence was received last Friday that they were hidden somewhere in this city. United States Deputy Marshals Churchill, Anderson, Woodward, Elliott, Lowe and Carty were on the alert, and on Saturday morning learned that the slaves were concealed in room No. 18, in the fifth story of Judge Taft's building, on Vine street, just above Fourth. The first story of this building is occupied by Ely's Phrenological Book-store, and Duncan & Innes' periodical establishment: the second by Judge Pratt, and others as law offices, and the upper stories are let as lodging rooms, in one of which, rented and used by Wm. M. Connelly, for some months past a local reporter for the Daily Commercial of this city, the negroes were secreted.

To this apartment the U. S. Marshals proceeded and found No. 18 locked. After knocking at the door and obtained no answer, one of the posse, John C. Elliott, climbed up and peeped through the transom, and said the negroes must be inside for he saw their dinner, (a number of dishes containing food were on a table in the apartment.) He then crept partly through the aperture over the door and exclaimed: "Here they are!" (the negroes it seems, were in a small apartment adjoining the main one,) and immediately after, half fell and half leaped back, saying he was stabbed.

At this moment the door was burst open, revealing the negro armed with a sword-cane, and a pistol was fired by one of the party, wounding the slave, who fell to the floor. He was immediately leaped upon by the Marshals, and though he made a stout resistance, was disarmed and bound.

The wound of the Marshal is in the left breast, just above the heart, and of the negro in the abdomen. Both of them are seriously injured, and it was thought, on Saturday, they would die: but at a late hour last night, they were improving, and the probability was they would recover.

The slaves were taken back to Covington without the least opposition, after a satisfactory hearing of the case before U. S. Commissioner Newkirk, by whom a warrant was issued for the arrest of Connelly, who has not been seen in the city since Friday night. Several U. S. Marshals went in pursuit of him on Saturday evening—with what success has not yet been learned.—*Cincinnati Gazette*, June 15.

A SUCCESSFUL INSURANCE COMPANY.—The Ætna Insurance Company, of Hartford, Conn., which has long been the bet and pride of Hartford business men, held its annual meeting on the 4th inst. The report of Directors shows that the company has been very fortunate for a few years past. On a capital of $195,000 paid in by stockholders, in the course of 38 years that they have been in business they have paid losses to the amount of $10,473,312, and they show a balance of receipts over losses to the amount of $1,0[illegible],452.

What is most wonderful in this run or luck is, that of this large sum, $1,132,404 has been realized within the last four and a half years. They have 772 agents, scattered in most of the States of the Union and the British Provinces. The facilities for travel and communication have condensed our continent, for insurance purposes, into a manageable area.

Fire insurance has been much more profitable for some years past than marine. In New York there are 78 fire insurance companies belonging to the State, and doing business in the city. Their aggregate cash capital is $14,700,000, and their total receipts of premiums during the year 1856 amounted to $6,310,470. Total losses, $3,802,943. The amount of property covered by insurance in the several companies was $[illegible]04,782,921; and they paid dividends during the year amounting to $2,380,201, which is equal on the average, to over 16 per cent. on their respective capitals.

Besides the local companies there are 56 other fire insurance companies, belonging to other States and Europe, who do business in the city; and they hold risks to the extent of more than $90,000,000, and received in premiums, during 1856, about $1,200,000.—*Boston Trav., June 12.*

☞ The last we hear of Miss Coutts is the following from the English Court *Journal*:—"The eccentric English lady who has followed Mario about the world, was dressing for his benefit, recently, in her apartment at the Hotel du Rhine, when her dress caught fire, and she was so severely burned that serious apprehensions are entertained of her recovery." The "apprehensions of her recovery" (though the Court *Journal* does not say so) are probably "entertained" by Grisi, his wife.

Chicago Market.

CHICAGO, June 15.

Before 'Change hours the news brought by the Vanderbilt of a further decline in breadstuffs abroad had been received here by private despatch, and was generally current at the opening. The effect was to suspend all animation, and but little was done except to supply immediate local wants, or for the filling up of cargoes.

WHEAT—Under the steamer's news the market opened dull and lower, and the receipt of unfavorable despatches from New York increased the heaviness at the close. The only recorded sale was 5,000 free on board at $1,22. A few parcels were taken for the completion of cargoes at $1,22 in store and $1,24 on board, but cargoes could hardly have been sold for more than $1,22 on board.—After regular hours a cargo was said to have been taken for to-day at $1,21.

Corn—Declined 1 cent without becoming active. Before the steamer's news 11,000 bu sold at 63c afloat, subsequently 15,000 bu were taken at 62c, and 5,000 bu at 61c—both on board—and 1,000 in store at 59c, and 190 bu in bags at the depot at 61c. Closing unsettled, with buyers offering 60c for cargoes on board, and holders demanding 62c.

Oats—Unchanged, 300 bu in bags sold at 52 at the depot and 200 and 100 bu same delivery at 53c.

Barley—Is unsaleable and none is offering.

Freights—Are sustained and some upward tendency is apparent. The British bark Chieftain was taken for corn to Kingston at 8c. The schooner North Star for the same cargo to Oswego at 6. The bark Jesse Hoyt takes wheat to Buffalo at 3½c. The schooner Husband takes corn to Kingston at 7c—an advance upon previous rates.—*Press.*

—OF—

LOTS IN PRAIRIE DU CHIEN!!

ON WEDNESDAY, June 24th, 1857, we shall sell in front of our office, in Prairie du Chien, upwards of sixty fine residence and business lots. Prairie du Chien is rapidly becoming one of the most important Commercial Points in the North West. It is the terminus of the Milwaukee & Mississippi Railroad, which connects with the Chicago & St Paul Rail Road at Janesville, and is on that great western highway of Commerce, the Mississippi River. The site of the city is a high level prairie, requiring scarcely any grading, surrounded by bold, high bluffs. The scenery is of unrivalled beauty. The lots to be sold are mostly in the vicinity of the R. R. depots and Steamboat Landing. The sale will commence at ten o'clock in the forenoon. Among the Lots to be sold are the following:—In Lockwood's Addition; Lots 9, 14, 16, and 16, Block 6, near the new hotel, and Lots 1, 2, 9 and 10, Block 10. In Beaumont Addition; Lots 4, 5 and 11, Block 6. In Brunson's Addition; Lots 11 and 12, Block 4, and Lots 10, 11, 12, 13 and 14, Block 5. In Lower Prairie du Chien; Block 66, Land Co. No. 1, 16 lots to be sold together; Lot 5, Block 2, Land Co. No. 1; Lots 1, 2 and 5, Block 16, with house, barn and improvements; Lots 4, 12 and 18, Block 19; Lots 5, 7, 10, 11, 15 and 16, Block 35, and Lot 8, Block 41. Thirteen choice lots in the south part of Lower Prairie du Chien.

THE NEW CITY DIRECTORY.

OWING to the large increase of names for the new Directory over any previous year, and the extreme tardiness with which *removals* and *changes* have been handed in since our Canvassers completed their task; together with the great *rush* of other work in the office of the *Sentinel*, where the Directory is being printed, and an earnest desire on the part of the publishers to send forth a work which will alike be creditable to themselves and the City, they have deemed it advisable to notify their friends that it will be impossible to issue the Directory before the *first day of July*, at which time the books will be ready for delivery. Meantime, they trust that every person who has been overlooked by our Canvassers, or has changed his residence, place of business or occupation, will hand in such change to the *Sentinel* office immediately.

☞ Advertisers who have engaged space in the pages of the Directory, will please hand in their favors at once, as that portion of the work is already far advanced.

POLICE COURT: JUNE 16.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John Bennett, intoxicated and disorderly, fined $20 and costs.

John Jarvis, intoxicated, fined $1.

Philip Smith, intoxicated, fined $10 and costs.

Patrick Paestial, intoxicated and disorderly, case adjourned to June 17.

Mary Kneeland, intoxicated and disorderly, fined $10 and costs.

Wm. Roessler, charged with violating the nuisance ordinance, case continued to June 20th for trial.

Turton & Sercomb, for obstructing side walk, fined $2.

Otto Schlicht, charged with erecting a wooden building within the fire limits. Jury disagreed.

This case has been tried by jury twice, and twice has the jury disagreed. The defendent claims that the building in controversy is a "shed," which the ordinance allows, and the City Attorney, on the other hand, claims that it is a frame building which the ordinance prohibits. Truly a nice point! There will be no more trouble hereafter however about this technicality, as the Common Council repealed that section of the ordinance prescribing fire limits, relating to "sheds," at their last meeting.

County Board of Supervisors.

The Board of County Subervisors has been in session for some days, at the Court House. No business of great importance has been transacted. The following members constitute the Board:

Wards	*Towns.*
1, J. Hadley,	Wauwatosa—P. J. Shumway.
2, A. Cotzhausen,	Granville—S. G. Enos,
3, A. McCormick,	Milwaukee—Chas. Hanf,
4, J. Taylor,	Lake—A. Douglass,
5, F. Conrad,	Greenfield—P. Walsh,
6, J. Walter,	Oak Creek—N. Howes,
7, Wm. A. Prentiss,	Franklin—A. Sullivan,
8, E. G. Hayden,	
9, M. Humann,	

Ald. Prentiss is Chairman, and CHARLES F. KALTEN, Clerk.

The following are the standing committees:

Treasury—Messrs. Enos, Cotzhausen and Douglass.

Assessment and Equalization—Taylor, Welsh, Hanf, Douglass and Co zhausen.

Clerk's Office Board of Supervisors—Howes, Humann and Enos.

Public Buildings—McCormick, Walsh, Walter, Hadley and Sullivan.

Claims and Accounts—Walter, Conrad and Hanf.

Justices and Constables—Shumway, Sullivan and Hadley.

Roads and Bridges—Sullivan, Douglass and Howes.

Supply for Public Offices—Humann, Conrad and McCormick.

Register and Clerk of Court Offices—Hadley, Sullivan and Hayden.

Superintendents of Poor—Hayden, Hanf and Enos.

Printing—Cotzhausen, Conrad and Shumway.

Yesterday, the subject of the new Court House was under consideration, and will be further considered to-day. We understand the feeling to be very decided in favor of replacing the present tumble down affair with something creditable to the County.

STREET COMMISSIONERS' NOTICES.—The Aldermen of the 5th ward have ordered some important work, among which we are glad to notice that West Water St., between the Menomonee river and the 5th ward line, is to be paved with square stone, and the sidewalks graded and planked. That street has been a nuisance for years.

They also order that "the alley running east and west, through block 68, the north and south alleys through block 178, the north and south alley through block 177, the unfinished portion of the north and south and east and west alleys through block 66, and north and south alley through block 68, and Clybourn street from 5th to 7th streets, Sixth St., from Clybourn to Sycamore, be graded to the established grade. And also that the sidewalk, and square adjoining and opposite block 153, on West Water street, between Spring and Wells streets be paved with good, hard burnt brick."

The 6th Ward Aldermen have ordered that Third sts. and sidewalk, from Beers to North street, be graded and gravelled to the established grade, the gravel to be one foot thick in the centre of the street, sloping off 12 feet wide each side from the center, to 6 inches on the outer sides. Also that the sidewalks along said street, be planked 6 feet wide, with sound 2 inch pine plank, laid crosswise on two 3×4 inch stringers, and well nailed to the same, and further, that the gutters along said street, be paved 5½ feet wide, with good sized cobble stone, laid on at least 6 inches good sand.

A CORRECTION.—Mr. Frederick August Pfaffer sends us a note, contradictory, in some respects, of the story published in the *Sentinel* yesterday, about a German emigrant woman, just arrived, having "coolly pitched" the dead body of her infant into the lake, after carrying it for a whole day in her arms. Mr. Pfaffer assures us that the act, instead of being "coolly" done, was done in desperation—that many persons on the steamboat told the mourning mother to "pitch" the body of her little child into the Lake, but she could not do it, and after carrying it a whole day and having no acquaintances here, to get information, she "had to pitch the body into the river."

Mr. Pfaffer adds: "The story shows, very easily, what this great country does for the Emigration, by which she gets her wealth and strength." The reproach, unfortunately, is but too well deserved. The Emigrants who come to us, in thousands and tens of thousands, from the Old World, are too often treated with culpable indifference, and sometimes with gross inhumanity. Surely they ought not to be; but, on the contrary, civil treatment, a kind welcome and all required information, should meet and greet the Emigrant the moment he touches our shores.

FATAL ACCIDENT—CAUSED BY RUM.—The body of a man named John Ray, was found on the track of the Milwaukee & Mississippi Rail Road yesterday morning, near the Round house, horribly mutilated—pieces being scattered along the rails for several yards. It is supposed that the eleven o'clock train of the night previous ran over him, as he was intoxicated when last seen, which was about nine o'clock in a saloon in the Fourth Ward, and while there he drank some whiskey, and took a bottle full of rot gut with him. He worked in the brick yard of Messrs. Besley & Watkins, which is on the line of the Rail Road, and lived somewhere in that vicinity, when it is supposed he was going when he met his sad fate. Ray was a man of about 25 years of age and was formerly from Canada. He was unmarried, and it is not known whether he had any relatives living or not. The body was interred in the burial ground of the County poor.

AN IMPOSITION.—A gentleman in this city who is well known, informs us of an outrage which should not pass unnoticed. It is in substance as follows:—A few days since, a large party of Norwegian emigrants took passage on the La Crosse & Mil. Rail Road to Fond du Lac, paid the usual fare, and got their tickets for the same. But instead of being put into a passenger car, they were trundled like so many pigs into a baggage car, and such a large number was there, that they had barely room to stand up! We cannot believe that the Superintendent or officers of the road would countenance such a gross imposition if they were aware of it. The perpetrators, whoever they are, however, deserve to be severely censured. The gentleman from whom we get our information is a prominent citizen, and has no objection to give his name, if required. He is a Norwegian himself, and justly feels displeased at this imposition being practiced upon his countrymen.

OUTRAGEOUS!—Yesterday afternoon the Spring St. Bridge was kept open for nearly, or quite half an hour, and to the delay and discomfort of hundreds of people and teams, while a steam-tug was towing a raft of lumber thro' the draw. The current being strong, it was just about as much as the tug could do to make any headway; and meantime the patient crowd bore the infliction with proverbial good nature. We trust the Police will promptly and rigidly enforce the new Ordinance, compelling all tugs, vessels, &c., to pass through the draws in five minutes' time.

THEATRE—FIRST ENTERTAINMENT.—It will be remembered that Messrs. Foster & Ryan give their first dramatic entertainment at Young's Hall this evening.—They intend to remain but a short season in our city, but while here they mean to give none but first class entertainments. Their programme, which will be found in another column, for this evening is a good one, and we doubt not but that it will be well sustained. We would advise those of our citizens who admire the stage, to improve this opportunity while it lasts.

☞ Caleb Wall continues the great sale of Dry Goods at the brick store, No. 171 East Water street, this morning. They are all staple goods.

THE WEATHER—RAIN, RAIN.—We have had an unusual amount of rain during the past three, or four days. Yesterday morning, one would have supposed that it was going to hold on for a while; as it looked bright and clear until about nine o'clock, when it became dark and cloudy and rained violently during the forenoon, and in the afternoon it settled into a drizzley mist, which continued all day long. Last evening the appearances were evidently in favor of more rain!

INSPECTED AND APPROVED.—Major BOWMAN, of the U. S. Engineer Corps, arrived in town yesterday and made a thorough inspection of the new Custom House and P. O. Building, on the corner of Milwaukee and Wisconsin Streets. He expresses himself entirely satisfied with the work, thus far. It is indeed an admirably built structure, and reflects credit alike upon the contractor, Mr. JONES, and the Superintendent, Mr. H. W. GUNNISON.

THE DAM AT HUMBOLDT CARRIED AWAY.—We learned, last night, that the freshet in the river had carried away the dam at Humboldt, yesterday afternoon. We could not ascertain what amount of damage was done. The paper mill of Messrs. Noonan & McNab is at this place, and also a flouring mill, both of which run by the water power, and we presume will be unable to work until the dam is repaired.

HIGH WATER IN THE RIVER.—The river yesterday, under the effect of the heavy rains of the last few days, was higher, and the current swifter, than we remember to have seen it for some years. A few of our "oldest inhabitants" assert, however, that they have seen it a foot higher than it was yesterday. At any rate it was quite high enough, the water flowing into the cellars of some of the buildings fronting on the stream.

PARTNER WANTED.—It will be seen by an advertisement, that Mr. George Benson, of Sheboygan, wants a partner in the milling business. He has a large new Flouring Mill, capable of making 200 bbls of flour per day, but is in want of a partner with some capital.—This is a good opportunity for some one who has got the "dimes," to turn them to good advantage.

WOOD ENGRAVERS.—Messrs. HICKOK & KARST this morning advertise their business as engravers on wood. Good artists in this line, capable of doing a really handsome job, are wanted here, we believe, and as this new firm claim to be able to do their work in the best style of the art, they will doubtless find plenty of customers.

REVIEW OF DANCING PUPILS.—Prof. Douchar's Annual Review, of his dancing pupils will take place at Young's Hall Monday evening next, under the management of the Professor. A good time may be expected.—Visitors will have the privilege of dancing after review. See advertisement.

DELICIOUS.—Those beautiful strawberries and cream, which are served up every evening to the crowds that throng Anderson's Ice Cream and Refreshment Saloon, on Main street, are really delicious. Try them.

FIREMAN'S BALL.—Fillmore Engine Company No. 6, intend giving a grand ball on the evening of the Fourth of July at the Albany Hall. The will undoubtedly have a *warm* time of it.

NEW ADVERTISEMENTS.

JOHN CARLISLE & CO., Proprietors of W. E. Child's & Co's PATENT ELASTIC FIRE & WATER PROOF CEMENT ROOFING,

Office, No. 249 Main Street, 1 door North of Wisconsin

THE undersigned are now putting on this Celebrated Roofing Material, in this city and vicinity and are prepared to contract with those who may wish a cheap and durable roof; one that has not only been THOROUGHLY TESTED, but has rendered perfect satisfaction wherever it has been tried, and so confident are we of its superiority over all other roofs, we do not fear or hesitate to warrant it for years. It is perfectly elastic, flexible, fire and water proof. It will not crack, melt, or rot—it contracts and expands with the change of the atmosphere—in fact the

Roofing is Practically Imperishable.

It is applied by laying saturated felt paper, a body of itself, (separate and independent) on the roofing boards (or as it is commonly called sheathing) over the paper, the canvass; on this the cement is applied, which becomes thoroughly saturated, thereby being no possibility of the material cracking by the shrinkage of the timber underneath. It can be applied to old tin, iron, zinc, tar and gravel roofs, making no difference how steep or flat they may be.

We invite those who are interested in getting a roof that will stand the test of cold or hot weather without being the least affected, to call on us and satisfy themselves by examining our specimens and roofs that have been put on in this city. We ask the attention of Architects, Builders and all others to the nature of this roof, and court thorough investigation, feeling assured that we are presenting to the public an article worthy of their attention.

We have put roofs on for the following gentlemen in this city who have given us the liberty of referring to them in regard to the good qualities of our Cement, viz:

Messrs. W. A. Conway & Co., Steam Planing Mill, Third Street, near Clybourn.

Messrs. Crampton & Oakley, " " " Fowler street, between 4th and 5th.

Messrs. W. S. Babcock & Bro's, Master Builder, 2d st., between Sycamore and Clybourne.

Mr. F. A. Hallman, Master Builder, residence 5th st., between Spring and Wells.

Mr. John Marquis, Master Builder, corner Jefferson and Martin sts.

Mr. George Southwell, residence on Jefferson st., between Division and Knapp.

Mr. John F. Harris, contractor and builder.

And hundreds of others who have used this roofing in Chicago and Cincinnati, all of whom have unbounded confidence in its superiority, and many of whom have given us their written testimonials, and the liberty to refer to them if required.

We also refer to the following gentlemen as to our responsibility in performing any contract we may enter into with parties who may engage their roofing, viz:

E. D. Holton, Esq., President of Farmers' and Millers' Bank.

Messrs. Littell & Baker, Wholesale Grocers, No. 109 East Water St.

Messrs. Fallon & Williams, " " " Spring St.

John F. Martin, Esq., Banker, Madison, Wisconsin.

D. B. Shipley, " " "

For further reference, &c., see pamphlet issued by us.

We will furnish this Cement to those wishing it residing out of the city, with printed directions for applying it, which is simple and easily put on, as it is used cold.

Any information in regard to the above roofing will be cheerfully given by us, and orders sent to the firm by those who are at a distance, through the Post Office, Box 945, will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns in this State on which to use the above roofing.

CITY LAND OFFICE.

ALL who want to purchase a house should go and look at C. H. Larkin's addition, First Ward—opposite Murray's addition. You have a beautiful view of the city. Go and see it and come to the City Land Office, on Michigan St., and get a map, and select your lot. The sale of said lots takes place at the City Auction Room, July 24th, at 10 o'clock in the morning, on very easy terms. je 5 OGDEN & WALL.

C. H. LARKINS ADDITION. FIRST WARD. *HOUSES FOR THE PEOPLE*

THE spirit of speculation which in other parts of the city is raising the price of property so high that no man of moderate means can afford to purchase a lot, has as yet had but little influence on this part of the 1st ward, where this beautiful Addition is located. On this account alone it should recommend itself to the attention of those who desire to secure a family homestead. This however is but one of its recommendations, for its high and commanding situation on the river bank, the beautiful lay of the land, the improving neighborhood, and its proximity to the business part of the city, all unite in pointing to it as the spot above all would like to purchase and build.—

Maps can be had at our office.

A public sale of the lots will be held at the City Auction Room on the 24th.

The Metropolitan police, while ascending in a body, the steps of the City Hall, were beaten back with clubs by the Mayor's Police, and many of them badly hurt; Capt. Dilks reported mortally wounded. The park is filled with an excited crowd. The Military, it is reported, is to be called out.
